Call for Special Session

http://gsc11.cemif.univ-evry.fr/ipta10/doku.php?id=special_sessions

Special Session Chairs:

Jean Meunier, Image Processing Lab, University of Montreal, Canada
meunier@iro.umontreal.ca

G rard Subsol, CNRS, LIRMM Lab, University of Montpellier, France
gerard.subsol@lirmm.fr

Title: Medical Imaging

Aims & topics:

This session will deal with one of the most important application field of image processing that is medical imaging. Recent advances in acquisition devices (CT-Scan, MRI, 3D Ultrasound, molecular imaging, etc.) lead to an increasing number of images which must be preprocessed, indexed, or compared as automatically as possible in order to be analyzed by medical experts for diagnosis or therapy planning.

Important dates:

Paper submissions: **March 1st, 2010**

Authors Notification: **April 3rd, 2010**

Final Paper Submission and Registration: **April 15th, 2010**

Paper submission:

All submitted papers should be done online, following the paper submission guidelines. During paper submission, please take care to select the special session corresponding to your choice:
